

MAHATMA STUDENTS CLUB (MSC)

The club is founded and maintained by the B.Com (2020-21 admitted batch) students with the motivation of commerce faculty.

Aims and Objectives:

To do some service to the society by planting the trees and contributing donations to orphanages and old age homes.

To plant a tree/plant-sapling on each student's birthday and it will be celebrated to promote national integration as well to carry the memories forever.

To curtail the waste expenses which is going to spend on birthdays by way of cutting cake and distributing sweets and chocolates to his/her friends.

To make every student understand the value of money.

To make this as a habit, in spending money for noble cause instead of spending it on useless issues.

Funds for the club:

Every student of the club contributes Rs. 30/- every month regularly.

Faculty of commerce also contribute voluntarily along with the students to strengthen the club.

Management of the club:

The club is maintained by the executive body of the club members. Those are President, Secretary, Treasurer and 6 other executive members.

The executive body will make arrangements for every student's birthday by presenting a good sapling to the student.

The student who is going to celebrate will plant sapling in the college premises or any other needful place.

The student who planted the sapling on the occasion of his/her birthday ensures to protect and grow by nourishing it personally. It is an honor to the student in protecting nature/environment.

The amount, which is intended to spend by the student on his/her birthday, should be dropped in the donation box instead of spending it on cakes, sweets and chocolates to distribute his/her friends.

The donation box is open twice in every year, the amount accumulated so far will be given to orphanage or old age homes.

Advantages:

Students are able to learn how to maintain the clubs during their studies. This provides:-

- practical experience to the commerce students.
- They are able to learn maintenance of records, holding the meetings, handling of cash, doing social service, accepting the responsibilities.
- And also there is a chance to grow many plants in the campus as every student plant a sapling on his/her birthday.
- Overall, they will be able to develop leadership qualities, managerial skills, behavioral skills, adjustable mentality, withstanding peer-group pressures, understanding the society needs and reaching them with a planning.
- They also learn the importance of small savings.
- They will learn love begets love.

By laws:

1. Since this club is voluntary, every student is a member in the club, and the executive body will be elected through a democratic way.
2. They will take an oath to keep the aims and goals or objectives.
3. Every 6 months there shall be an auditing (internal) the same will be exhibited in group.

4. The amount collected from members as well from staff will be recorded month-wise in a separate record will be maintained.
5. The out-going batch shall hand-over the records and amount to the incoming batch.
6. It shall be a continuous process, as a day, a rupee, a meagre amount, which everyone can afford and contribute with ease and happily for national building with broad-perspective.
7. There shall be no disputes, as it is open, if at all, any, may be resolved within the campus.
8. Every student should maintain this with utmost respect and honor
