A Report on

MICROSOFT UPSKILLING PROGRAMME

2022-23

The Government of Andhra Pradesh had an MoU with Microsoft for upskilling the graduates in the Microsoft for upskilling the graduates in the Microsoft technical skills for the year 2022-23. The Government of AP has taken a New Initiative of empowering employable skills through Microsoft called Microsoft up skilling Programme. In this regard APSCHE has issued 5000 licenses to CCE to enroll GDCs students as a Nodal Centre.

Guidelines for Microsoft upskilling programme:

1. The courses are categorized to Technical/Computer science and any degree in conventional other type.
2. For technical courses priority should be computer science background / Mathematics students.
3. For mentioned any degree courses all streams are eligible.
4. Specific screening at your college shall be taken before you select any student for these courses as they have to complete and get certificate in the stipulated time.
5. Kindly ensure that interested students should get an opportunity.
6. After completion of these courses in a prescribed format and process students may get an opportunity With a job offer of than Rs.30,000/PM by Microsoft.
7. Day to day monitoring and weekly monitoring has to be done at college level in connection with completion of course as through MIS it is monitored by CCE & APSCHE.
8. Once the interested student data is received to CCE, then login credentials will be sent to the students directly to their mails/mobiles from Microsoft partners to start the courses.

In S.G.A.Govt. Degree College till now we have registered 2 batches.
