A brief report on Soft skills, Language & Communication Skills, Life skills and Information and Communication Technology (ICT)

Soft skills

Soft skills are a part in their English curriculum. The language department along with Jawahar Knowledge Centre of this college impart knowledge to the stake-holders.

Soft skills are divided in to three parts:

1. Part1: Attitude
2. Part II: Communication
3. Part III: Etiquette

Attitude includes vision, personal accountability, Teamwork and you, Diversity Awareness, Lifelong learning, Performance-expectation management, The Art of Time Management, Stepping up to the plate/plan, When things Go way wrong at the workplace, Tying it all together: Work your way to success.

Communication includes Understanding the communication cycle, Distortion in communication, The 'why' and 'to whom' parts of communication, knowing the objectives of communication and audience analysis, preparing for the communication, Listening skills, Body language, vocal variety, using the voice channel or modulation, visual aids, Resume writing, Interviews, Meetings, Proposals, Status Report, Giving and Receiving Feed-back, Performance appraisal etc.,

Etiquette includes phone etiquette, E-mail Etiquette, Respecting privacy, Learning to say 'No'. the role of humour in work place, English language skills, and reach for the moon (a happy ending of etiquette).

Language & Communication Skills

Language & Communication skills are included in the first semester of stake-holders. In language they have vowels, consonants, and phonetic transcription. Intonation, syllabification, stress, nucleus, tone, falling tone, rising tone, fall-rising tone are included. Silent letters, omissions and

commissions in English language, the foreign words its sounds, homophones, allophones, homonyms are there. In communication they have greetings, giving and taking information, directions, instructions, filling up forms etc are there. The entire first semester focus on only LSRW skills.

Life skills :

Life skills proposed by the WHO are being in practice in this college. These are The Ten core Life Skills as laid down by WHO are:

1. Self-awareness 2. Empathy 3. Critical thinking 4. Creative thinking 5. Decision making 6. Problem Solving 7. Effective communication 8. Interpersonal relationship 9. Coping with stress 10. Coping with emotion. Apart from the above for stress management and utilization of energies of emotional as well physical, the college has been conducting 'Yoga' classes. It includes surya namaskars, asanas, pranayama, meditation, hata yoga and raja yoga.

Information and Communication Technology (ICT):

Regarding ICT usage, this college, possesses a well equipped infrastructure. In Jawahar Knowledge Centre, the college has 30 working lap tops are there for the utilization of all the students. All most all the departments have either a projector or a white board. The seminar hall, which is used vividly and variably for all the purposes, has a white board with broad-band connectivity. In MANA TV room there is a common usage projector with broad-band connectivity.

All the staff use their own laptops for preparing lesson plans, presentation works, power point presentations, Learning Management systems, conduction of online quiz, literary competitions etc.

Water Overflow Alarm Indicator

Aim: Setting up of water level alarm indicator in our college campus at two places to minimize wastage of water and power

Introduction

We the group of three members are engaged to do Water Level over flow Indicator by Department of Physics. We have implemented this at two overhead water tanks in our college campus. Nowadays everybody has overhead tank at their homes. But everyone who has a water tank top of their homes knows the kind of problems that they face. Initially there is no system to track the water in the tank. Second problem is that when their water pump is started they have no idea when it gets filled up. Sometimes there are situations where the pump keeps on *pumping water to the tank* and the water starts *spilling out from the tank*. There is **wastage of energy** as well as **wastage of water**.

Components Required:

Buzzer, wire, nails...

Working

Now as the water starts to rise up the sensors start to get in contact with the water and the transistors are activated and there is a flow of current in the transistors making the LED's light up. Here in between the transistor and the LED there is a current limiting resistor 470 ohms, the job of the resistor is to check that the LED does not get over voltage and destroy the LED. The transistor is biased by a 470K resistor with the ground and the sensing part is taken from the collector with a 33 ohms resistor going directly to the tank.

The Buzzer Part

Here you can add any of the normal buzzers that are readily available in the market and if it is not then you can make yourself with a simple 555 IC. We are giving a small circuit diagram, it is really simple to make it with a minimum components. It is a simple audio oscillator. We have also provided a circuit diagram.

The Power Supply

This section contains a transformer converting the mains voltage 220V brings down to 9V. There is a bridge rectifier containing 4 diodes and making the Alternating current to Direct Current. After the filtering the voltage is then directly fed to the voltage regulator (7805) with a filtering capacitor. From the regulator IC the output voltage is then again filtered with a capacitor and is fed to the circuit. This comprises the power supply of the device.

Outcomes

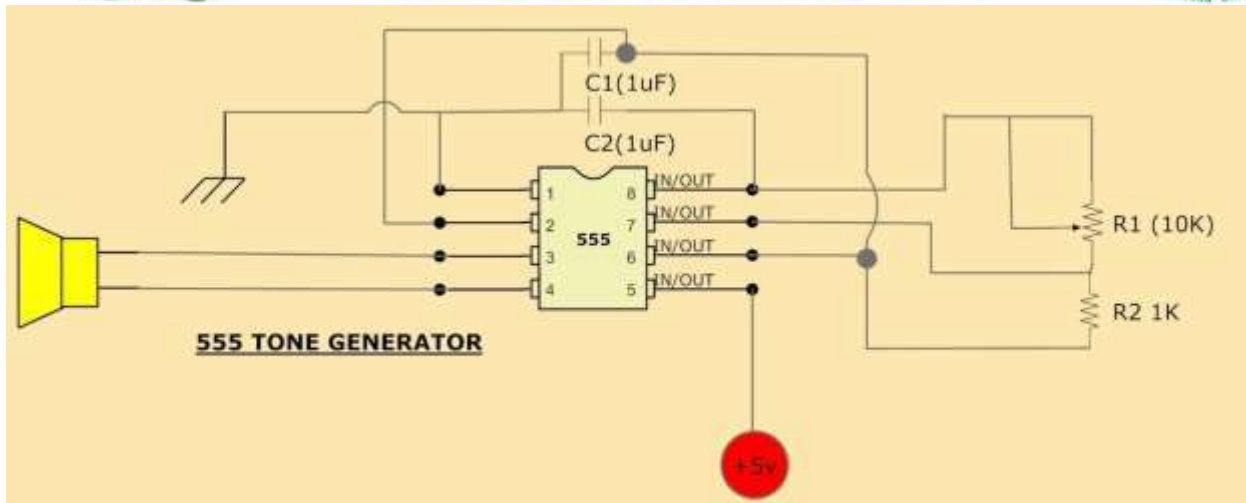

We minimized the water wastage and power wastage in our campus

Initiatives OF ENGLISH LANGUAGE LAB

About English Language & Lab

The English Language Lab was established in our college during the academic year . It was inaugurated on

India is following three language formulae as recommended by the Kothari Commission wide the National Education policy in 1968. In these three language formulae the national, international and regional interests were taken into consideration. The constitution of India recognized Hindi as national language, English as second language or third depending on the need and the state/regional language as third language. In Andhra Pradesh these three language formulae observed with the spirit of the constitution and in school and college education, up to degree, English language made as compulsory. As the importance of language grows in seeking for further education, employment opportunities, communication skills and soft skills the government of Andhra Pradesh introduced English Language Labs at degree level. The motto of these labs is to enhance English knowledge giving priority to the language skills, i.e., Listening, Speaking, Reading and Writing.

English language gained momentum after globalization, world trade and the revolutionary change in Information and communication technology which synchronized the world into a global village. The speed of communication in various modes like mass media, twitter, what's app, google mail, etc., came into use. The present direct or face-to-face education system replaced to some extent by blended learning which is less efforted in cost and time. On line education, evaluation and assessment made easy in this ICT. Because of this, the fear factor, shyness to rise a doubt and answer a question even though the stakeholder knew the answer will be addressed through language lab up to the attainment of confidence to face the above problems. The stakeholders will develop a self-consciousness about their mistakes and they themselves rectify as it is a self-faced learning. Another facility is. they can repeatedly use this lab for excellence unlike in the live class room. To reach global standards, up-dating their knowledge, it is essential to give such knowledge to the students through English Language Labs.

The word lab is usually associated with science and technology. So, how an English lab works and what is its practicality in learning or acquisition of language may arise some doubts in everyone's mind. Here is the answer. Any language is skill based. In any language the common skills are listening, speaking, reading and writing. In these skills two are active skills and two are passive skills. Listening and reading are passive and speaking and writing are active skills. In English language lab, the ability of hearing, using a headset will be tested. It also helps to know the conceptualization or understanding and grasping the content. Prompting, utterance, modulation, pitch, rising and falling tones could be possible through this lab. Through voice recorder the stakeholders could rectify their pronunciation errors.

Lab equipment:

The lab is equipped with 30 table top computers partitioned with glass compartments. Each computer has enough configuration to suit the needs of the students. Apart from hardware the software relating to other necessities equipped with. Head phones are provided. In software, communication skills CD's, spoken language CD's, dictionaries also provided. Good seating arrangements with a revolving chair are provided. Keyboard and mouses, monitors, CPU's, power cables with UPIs also provided. A public addressing system, overhead projector, 24 x 7 power supporting batteries for back-up service, books on English language and grammar are provided. Altogether a good ambience of learning English language was created in this English language lab.

Objectives of the lab:

- To provide good pronunciation skills
- To make the stakeholders fluent in spoken English
- To improve good communication
- To improve employment skills
- To improve various mailing systems like google mail, what's app, twitter etc.,

5.1.2.(3) Life Skills (Yoga, Physical Fitness, Health and Hygiene)

Introduction:

‘Yoga’, it is a process of life which, every Indian inherited from ancestors of India as a part of Culture and heritage which now echoing worldwide being in practice due to its wide importance, usefulness both physical and mental leading to a spirituality. It is a non-religious activity. Yoga, the name came into limelight in recent years, and worldwide it is being observed on June 21st as International Yoga day from its inception 2015. Our Prime Minister Narendra Modi participated in Yoga demonstration along with thousands of Indians at Mysore palace on this day.

Yoga is an Art and Science of healthy living. It is a mystical discipline based on an enormously subtle science, which emphasizes on bringing harmony between mind and body. The all-inclusive approach of Yoga is well established and it brings harmony in all walks of life and thus, known for disease prevention, promotion of health and management of many lifestyle –related disorders.

In yoga different, different body postures performed for a fixed time, which gives physical health. Surya Namaskaras are most popular and this practice one alone gives good health to the people. In meditation, the mind concentrate on Atma or Light or Brahma, which gives mental health and increases energy levels and lifespan.

In Yoga, there are many Asanas such as

1. Padmasana
2. Vajrasana
3. Gomukhasana
4. Sarvangasana
5. Seershasana etc.,

In meditation many practicing methods are present such as

1. Pyramid Meditation
2. Mindfulness Meditation
3. Breath awareness Meditation
4. Transcendental Meditation
5. Pranic Healing Meditation

Aims and objectives of Yoga:

- 1. To make the students aware of Yoga and its importance.
- 2. To enhance patience, endurance to face any situation in life.
- 3. To make them healthy and wealthy with good practice of Yoga
- 4. To make good citizens
- 5. To make the stake-holders, pay attention and concentration on their studies.

International Yoga Day celebrations were organised in

SGA GDC Yellamanchili on 21-06-2022

The Programme Report:

Yoga day celebrated in a great befitting manner. Our college has two yoga diploma holders from Andhra University one is our college Physical Director Dr.Polireddy and the other Sri G. Satyanarayana, lecturer in English. On this day all the students were gathered in college seminar hall along with other teaching staff. Our Principal Dr. Chandrasekhar presided over the gathering and he addressed the students. In his speech he remarked the importance of Yoga and its importance, how it came into prominence. There after teaching staff also spoke about it.Mr. Satyanarayana lecturer in English acted as resource person and Dr. B. Chandramouli demonstrated acts of Yoga like Asanas, kriyas, Bhandanas.

Mr. Satyanarayana explained the following:

- | | |
|---------------|-----------------|
| 1. Yamas | : abstinences |
| 2. Niyama | : Observances |
| 3. Asana | : Postures |
| 4. Pranayama | :Breathing |
| 5. Prathahara | :Withdrawal |
| 6. Dharana | : Concentration |
| 7. Dhyna | :Meditation |
| 8. Samadhi | :Absorption |

After this explanation, he directed the pupil to do some warm-ups followed by postures in three states i.e., standing, sitting and lie-down.

In standing postures Tada asana, TiryakaTadaana, Kati Chakrasana,Hasta Utthanasana, AkaranaDhanrasana, Tiryakakatichakrasana, Meru Prishthasana, Utthansana, Trikonasana etc.,

In Sitting postures: Patchimothasana, Padmasana, Vajrasana, Kukkutasana, Ardhamathyasana, etc.,

Lay-down postures: Savasana, Bhujangasana, Halasana, Sarvangasana, Chakrasana, Sarpasana,

Apart from the above some balancing asanas also demonstrated and performed by the students.

After that Pranayama, the breathing exercise was performed and all the students paid interest as they learned through the description given by the resource person that it will help them in their studies to improve concentration.

The resource person G. Satyanarayana appreciated one of the female student who performed well in all asanas and awarded prize money. He also appreciated Dr.Chandramouli for his commitment in performing and guiding the students.

International Yoga Day Celebrations

International Yoga Day Celebrations were held at seminar hall on 21-06-2022. Dr P Chandrasekhar along with staff and students were actively participated. Together all were practiced some popular yoga asanas.

Dr B Chandramouli, Lecturer in Botany has demonstrated
the various yoga asanas to the students during

Microsoft Word

Brief Summary:

This Microsoft Word training course aims to provide new users with the essential skills needed to create, edit and print professional looking documents using text, tables, lists and pictures as well as covering simple mail merge. Particular emphasis is placed on developing accurate and well-designed documents.

The course begins by showing you how to navigate around Microsoft Word. It then quickly gets you to create a new document before moving onto features such as text manipulation and enhancement, creating and using tabs and tables, embellishing documents with clip art and pictures, creating multiple documents through merging and printing documents.

Outcomes:

By the end of this course, you should be able to:

- work with the basic features of Word
- create a new document
- work with a document
- display documents using various views
- select and work with text in a document
- use a range of font formatting techniques
- format paragraphs
- work effectively with features that affect the page layout of your document
- create and modify tabs and tables
- insert and work with clip art and pictures
- use the Mail Merge Wizard to perform mail merges
- print a document
- find the information you need in Help
- create high quality document designs and layouts.
