ICT TEACHING & PROVIDING INFORMATION ON WEB-SITE OF THE COLLEGE

Information and Communication Technology (ICT) is now a days used in all sectors of life, it is so entangled in every human being's life as if it is an internal organ, used indiscriminately barring social, cultural and education constrains. Education system is also no exemption to it, and it is unimaginable to teach and learn in the present electronic era without ICT.

ICT., in view of education, could be limited precisely to four categories:

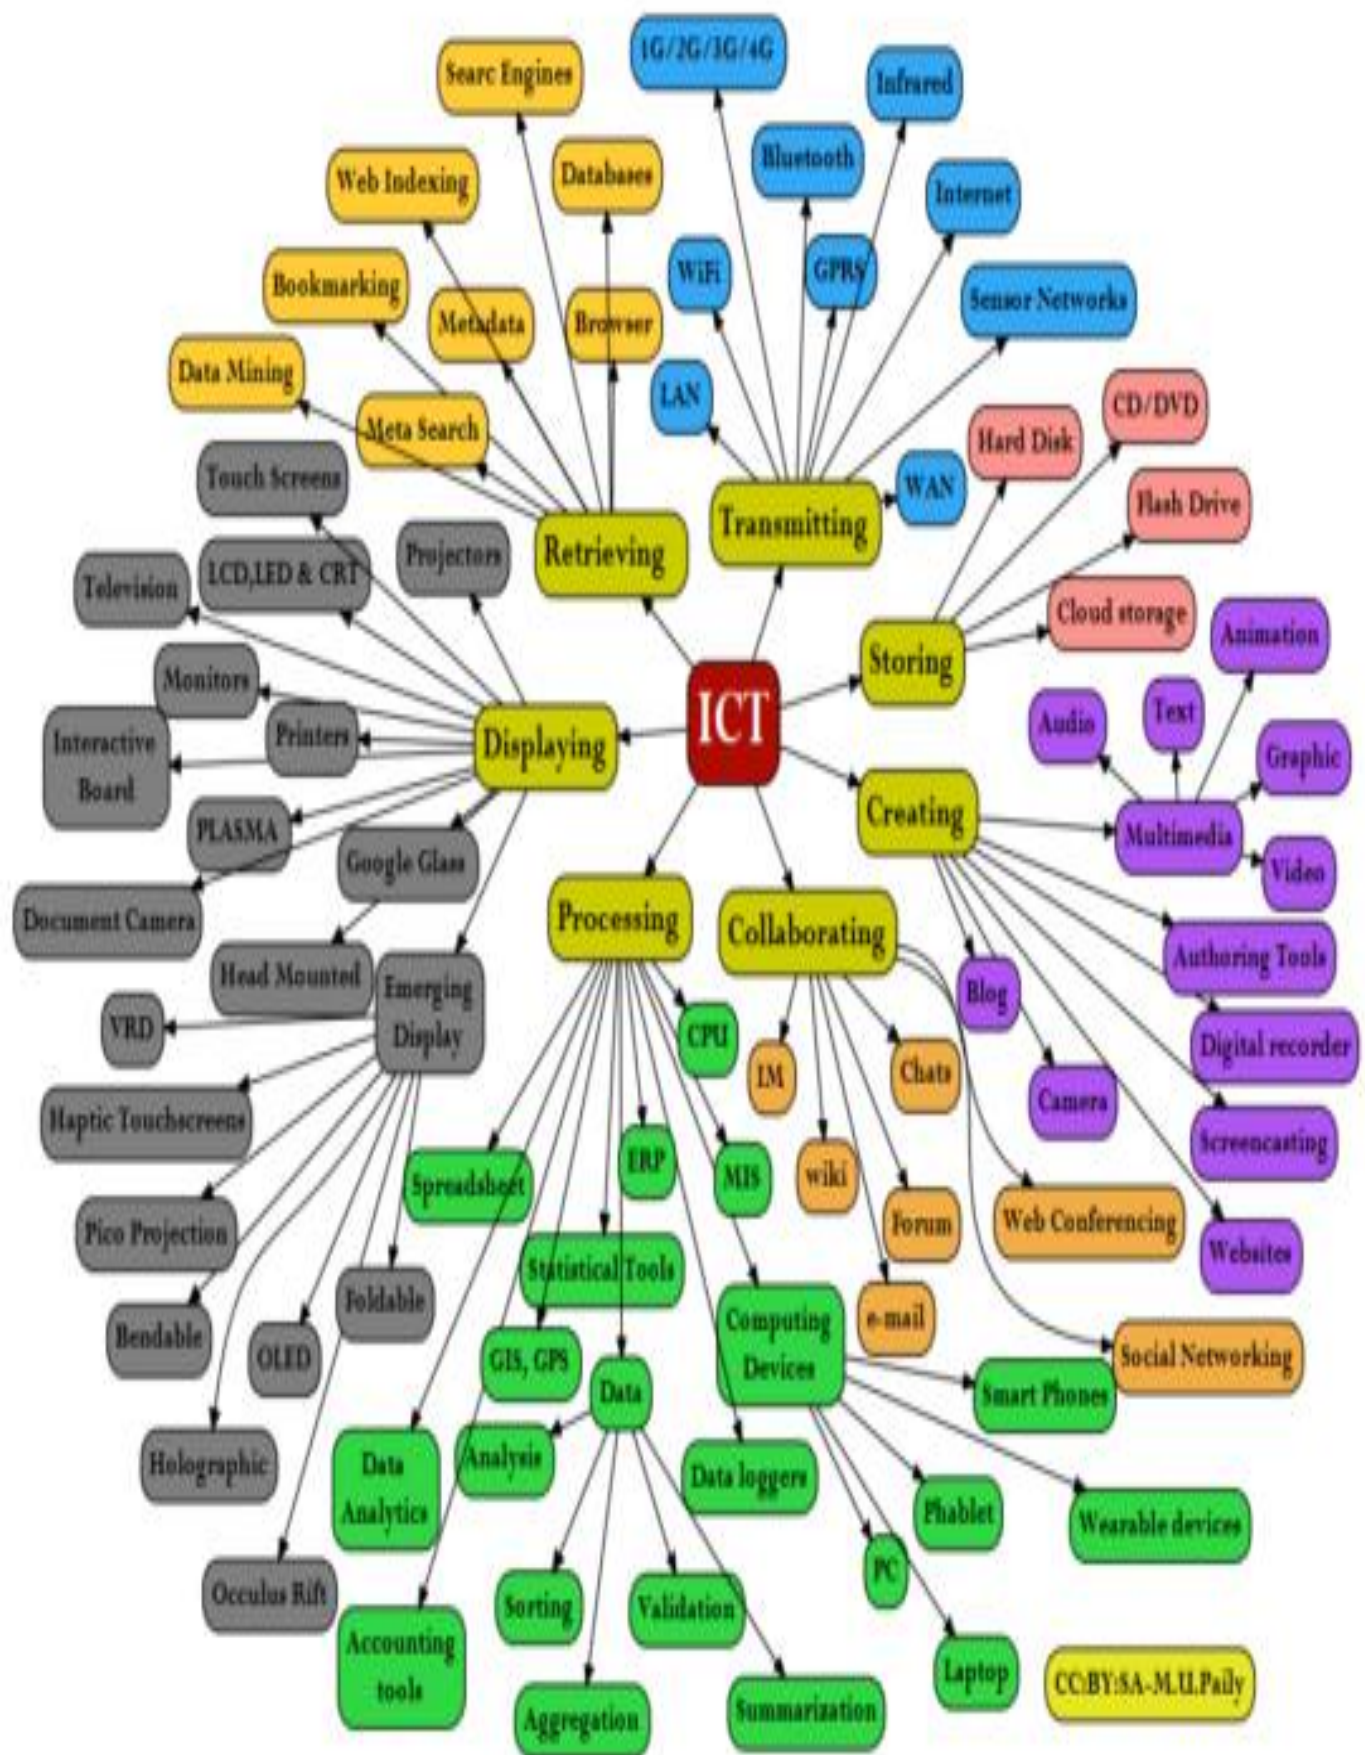

- **Educational Networking:** a) Online learning and teaching platforms that connects learners and teachers using social networking technologies.
 - Facebook
 - Yelp
 - Twitter,
 - Instagram and
 - Tik tok
 - My space
- **Web-based learning:** A set of online applications or services that expand learner's ability to interact and collaborate with each other in the process of searching, receiving, organizing and generating educational content.
 - Visme
 - Google Classroom
 - Zoom
 - A web whiteboard App
 - Ted Talks
 - Dialpad
 - Light Sail
 - Remind

Web applications include online forms, shopping carts, word processors, spreadsheets, video and photo editing, file conversion, file scanning, and email programs such as Gmail, Yahoo and AOL.
